+++

Aurora West College Preparatory Academy Families,

I want to provide you with an update about the lockdown that occurred yesterday afternoon. I would first like to thank all of our students, staff and families for your patience and for following our safety and security protocols. A lockdown is put into effect as a precaution and in this case, everything went smoothly as Aurora police officers investigated a possible threat.

I can now share some additional information as we continue to work with our law enforcement partners. One of our employees was arrested in Denver by the Denver Police Department after he allegedly threatened some of our staff members with a weapon. After we learned about these allegations, we promptly placed the employee on administrative leave. He is not allowed on school grounds pending the outcome of the criminal investigation.

Because of the ongoing investigation, we are unable to share additional information at this time. As always, student and staff safety is our top priority. Thank you for your support.

Sincerely,

Taya Tselolikhin
Principal
